Donations

Welcome to UUCSR's Online Donation page! If you want to set up *recurring pledge payments*, please inform us of your intentions by visiting <https://web.uusantarosa.org/giving/pledge-form/>.

We now offer many more options for the ministry of generosity through Vanco Services. We especially recommend recurring donations with checking / savings Electronic Funds Transfer. EFT has a very low service fee, with no percentage going to a credit card company .

To the work of creating beloved community, within and beyond our walls, we dedicate these offerings and ourselves.

Top section – typical personal information, all fields required except “Address 2”

Middle section – typical bank information

- Account types “Checking” and “Savings” are EFT (Electronic Funds Transfer) payments. The EFT cost to UUCSR is only \$0.25 per transaction.
- Using the Bank Routing Number and the Account number, Vanco makes all the arrangements. This spares both you and our Administrator setup hassles.
- Account type Credit Card / Debit is familiar to all. The cost to UUCSR is \$0.45, plus a 2.75% transaction fee. If this option is selected, a checkbox appears, allowing you to pay these costs instead of having UUCSR pay them.

The screenshot shows a web form titled "Account Type" with three radio button options: "Checking", "Savings", and "Credit/Debit Card". The "Credit/Debit Card" option is selected. Below the options are logos for VISA, MasterCard, DISCOVER, and American Express. The form includes fields for "Card Number", "Expiration Date" (with dropdown arrows), "Name Of Cardholder", and "Billing Address 1", "Billing Address 2", "Billing City", and "Billing State / Zip". There are two checkboxes: one for "Optional: - Give additional 3.5% to help offset the processing fee" and another for "Use Same Address As Above".

Select Password Button (complete profile option)

A saved profile is a convenience in managing your UUCSR giving. With both personal and banking information entered, all that is necessary is creating a password. A robust password will have the following characteristics:

- At least 8 characters long, the longer the better
- At least one character from 3 of the 4 character groups—lowercase, uppercase, numbers, symbols
- Contains no dictionary words or names
- Relatively easy to remember. For instance, forming an acronym from the first letter of a silly sentence can be effective
- Kept in a safe place known only by you
